

Toronto **Art Therapy** Institute

Practicum Agreement

Agreement with:

Agency Name

Address

City

Province

Postal Code

and the Toronto Art Therapy Institute. The agency agrees to sponsor:

Sponsored TATI Student

The agency will provide the TATI student with:

- A private space to conduct art therapy sessions and locked storage.
- Basic art supplies (tempera paint, clay, oil & chalk pastels, paper, brushes, etc.).
- Sufficient referrals to ensure that the student will meet her/his needs as negotiated prior to commencement of practicum.
- Contact person at the agency to facilitate problem solving.
- In the case of disclosure to a TATI student of information regarding child abuse the student will make a report to Child Welfare services and report this to their practicum site contact person and the TATI practicum coordinator. We also ask that the students be integrated into appropriate staff/team meetings.

I understand that the Toronto Art therapy Institute will provide supervision (if there is no registered art therapist on site) and ensure that each student is covered by liability insurance.
